## Registration Information

Classes have changed this year, so check the list below to make sure you class your car/truck correctly.

1. Please fill out a separate registration form for each vehicle you enter.
2. Circle the letter of the class that suits your vehicle best.

**Stock Class** – A vehicle that retains 90% of its original factory appearance. (Example: air cleaner, valve covers, radio, or other slight changes would be considered a Stock Class.)

3. **Modified Class (Mild)** would be considered a stock appearing vehicle with modified engine changes including small superchargers, wheel changes, interior modifications, small suspension changes, etc.
4. **Modified Class (Extreme)** is for seriously modified vehicles including serious engine packages, custom interiors, exotic paints, or modified suspension systems. This is for the “World of Wheels” type show vehicles.

### Please circle your class!
