

# The New Corral!

2013 MUSTANG  
GT CONVERTIBLE

From the impressive power and efficiency of our V6 models to the legendary strength of our V8s, each one of our ponies has been bred to lead. For 2013, there are all sorts of dramatic new features — each of them designed to excite and delight the Mustang enthusiast in all of us!

## 2013 Power and Efficiency

### 3.7L Ti-VCT V6

The 3.7L Ti-VCT V6 produces 82.4 horsepower per liter, making it an impressive performer for the V6-minded Mustang shopper.

- 305 horsepower and 280 lb.-ft. of torque
- EPA-estimated 19 mpg city/31 mpg hwy. (automatic coupe); 19 mpg city/29 mpg hwy. (manual)
- Excellent power and fuel efficiency using regular unleaded 87-octane fuel

AVAILABLE  
STRUT TOWER  
BRACE SHOWN

### 5.0L Ti-VCT V8

On Mustang GT, the legendary **5.0** produces a pulse-pounding 420 horsepower (up from 412 in 2012) and achieves a highway fuel economy rating of up to 26 mpg. Straight from the factory, this incredible engine makes Mustang GT one mean street machine.

- 420 horsepower and 390 lb.-ft. of torque<sup>(1)</sup>
- EPA-estimated 15 mpg city/26 mpg hwy. (manual); 18 mpg city/25 mpg hwy. (automatic)

## Here's What's New!
