

FORD

LEADING BY EXAMPLE

According to the proprietary J.D. Power and Associates 2010 Initial Quality Study,SM three popular Ford nameplates received highest honors for their respective segments:

- Ford Taurus – “Highest-Ranked Large Car in Initial Quality”¹
- Ford Mustang – “Highest-Ranked Midsize Sporty Car in Initial Quality”¹
- Ford Focus – “Highest-Ranked Compact Car in Initial Quality”¹

“Our laser focus on fuel efficiency and quality is paying off for our customers and for Ford. Our customers are rewarded because Ford resale values continue to increase at a higher rate than the overall industry – and they are rewarding us with increased purchase consideration.”

– Ken Czubay, Ford Vice President, U.S. Marketing Sales and Service

¹The Ford Taurus, Ford Mustang and Ford Focus each received the lowest number of problems per 100 vehicles among large, midsize sporty and compact cars, respectively, in the proprietary J.D. Power and Associates 2010 Initial Quality Study.SM Study based on responses from 82,095 new vehicle owners, measuring 236 models and measures opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February – May 2010. Your experiences may vary. Visit jdpower.com.
