- E-450

MERCURY

All Mercury vehicles are now ineligible for X-Plan

All Mazda vehicles are now ineligible for the Ford Partner Recognition Program.

In December 2008, Ford announced the sale of part of its ownership interest in Mazda. As a result of the sale, Ford must treat Mazda as a competitor under the antitrust and competition laws. This includes information on local advertising activities, or advertising campaigns or themes, and plans for merchandising vehicles or parts, including plans to offer special programs or incentives. Therefore, Mazda vehicles can no longer be offered in the Ford Partner Recognition Program.
