
DESCRIPTION AND OPERATION

Speakers

The base audio system is equipped with speakers in each door and 2 rear speakers. These speakers are powered by the audio unit.

The 500 watt system, in addition to the features of the base system, is equipped with a subwoofer speaker in each door. These speakers are each powered by their own amplifier.

The 1,000 watt system, in addition to the features of the 500 watt system, is equipped with 2 subwoofer speakers in a single enclosure located in the luggage compartment. These speakers are powered by 4 amplifiers.
